Architecture and the Welfare State [Mark Swenarton, Tom Avermaete, Dirk van den Heuvel] on Amazon.com. \*FREE\* shipping on qualifying offers. In the decades following World War Two, and in part in response to the Cold War, governments across Western Europe set out ambitious programmes for social welfare and the redistribution of wealth that aimed to improve the everyday lives of their citizens. The impact on architects and architectural design was profound and far-reaching, with welfare state projects moving centre-stage in architectural discourse not just in Europe but worldwide. This is the first book to explore the architecture of the welfare state in Western Europe from an international perspective. This is the first book to explore the architecture of the welfare state in Western Europe from an international perspective. With chapters covering Austria, Belgium, France, Germany, Italy, The Netherlands, Sweden and the UK, the book explores the complex role played by architecture in the formation and development of the welfare state in both theory and practice.
